Gli elementi caratterizzanti della collezione permettono di ricreare l'autentica eterogeneità della pietra, reinterpretata secondo un raffinato gusto estetico. Il risultato è un effetto di miscelazione casuale controllata di toni e superfici, fulcro di una stonalizzazione omogenea e di pregio.

Mountains **QR 02** NAT SQ - 40x60 / 16"x24" - 20x60 / 8"x24"

The characteristic essences of the collection allow us to seek out the authentic diverseness of natural stones, re-interpreting their aesthetics following a penchant that is cultured and refined. The result is a random yet controlled mixing of hues and surfaces, a homogeneous and precious colour-shading.

Die charakterisierenden Elemente der Kollektion sorgen für die Bildung einer heterogenen Authentizität des Steins und interpretiert diesen in raffiniert ästhetischen Stil. Das Ergebnis ist eine zufällige, jedoch kontrollierte Mischung von Farbtönen und Oberflächen, Mittelpunkt einer homogenen und hochwertigen Marmorierung.

Voilà les éléments qui font tout le caractère de la collection et qui permettent de recréer l'authentique hétérogénéité de la pierre, revisitée dans un goût épuré. Le résultat donne un effet de mélange, à la fois aléatoire et contrôlé, de tons et de surfaces, l'exigence première d'une dégradation de couleurs homogène et de qualité.

Las principales características de la colección le permiten recrear la heterogeneidad real de la piedra, reinterpretadas de acuerdo con un gusto estético refinado. El resultado es una mezcla aleatoria controlada de tonos y superficies, el centro de un contraste homogéneo y fino.

Коллекция с точностью воспроизводит вид натурального камня, но придаёт ему своеобразное современное звучание. Сочетание разнородных тонов и фактур рождают эффект случайности рисунка, в результате чего изделия обретают ценную изысканность.

Tutte le piastrelle Mirage sono studiate e prodotte interamente in Italia, elemento che oggi più che mai testimonia la volontà dell'azienda di promuovere la qualità ed i valori dell'autentico **Made in Italy**. Per noi il marchio Made in Italy non è uno slogan, bensì l'espressione di valori forti e reali in termini di **etica lavorativa**, di **responsabilità sociale** e di **rispetto delle persone** al fine di garantire loro le migliori condizioni di lavoro possibili, ma anche trasparenza, attenzione e **responsabilità verso il territorio e la salvaguardia dell'ambiente**. Il marchio Made in Italy è per noi la garanzia di qualità di un prodotto unico, che racchiude in se' tutte le doti di ingegno, creatività e ricerca, di innovazione tecnologica nel rispetto della tradizione ma, allo stesso tempo, della flessibilità di adattare il bello all'utile, l'antico al moderno: un pregio riconosciuto, da sempre, allo stile ed alla ceramica italiana nel mondo.

*All Mirage tiles are designed and manufactured exclusively in Italy. Today more than ever before, this is indicative of our desire to place the accent on the renowned quality and value of **Italian-made products**. For us, the Made in Italy trademark is not merely an advertising slogan. It is something that expresses a series of strong, authentic values: **ethics in the workplace, social responsibility, respect for people** and a commitment to guaranteeing them the best possible working conditions, coupled with transparency and **determination to look after our surroundings and safeguard the environment**. For us, the Made in Italy trademark guarantees a unique, quality product that boasts a series of unbeatable features: inventiveness, creativity, research, technological innovation and at the same time, respect for tradition, along with the ability to match beauty with practicality and the ancient with the modern. This is what Italian style and Italian ceramics have always been admired for the world over.*

In Mirage, l'operare con trasparenza nei confronti di tutti gli interlocutori, clienti, fornitori e collaboratori è considerato un valore fondamentale. Proprio per questo, anticipando le legislazioni nazionali ed europee a sostegno di un codice etico ispirato alla trasparenza nel commercio, **Mirage accoglie con impegno l'iniziativa promossa dal Consiglio Direttivo di Confindustria Ceramica** di riportare su prodotto ed imballi le informazioni relative all'origine.

Here at Mirage, we consider transparency as an essential value in our dealings with everyone, from customers and suppliers to staff. This is why, ahead of Italian and European legislation to support a code of ethics inspired by transparency in trade relations, **Mirage is already committed to the project set up by the Executive Board of Confindustria Ceramica** for information on the origin of products to appear on both products themselves and their packaging.
